Is Powers of State in Case of Insurance Company.

The supreme court of the United States yesterday upheld the right of the state to revoke the license of any insurance company which asks for the removal to the federal courts of any suit brought originally in the state courts. ## INSPECTOR

WILL FURNISH DATA TO BOARD OF PUBLIC WORKS.

Building Ordinance in Course of Preparation—Statement of New Officer.

W. J. McPherson, the newly elected wire building inspector for the city, has entered on his duties and is preparing a report which will be submitted to the Board of Public Works this afternoon.

Inspector McPherson has done nothing towards building inspection yet because of the absence of an ordinance governing this part of his work. The ordinance is in course of preparation, and will be introduced as soon as it is submitted to the board.

"I have looked at no building yet, because the ordinance governing this part of my work is not a law," Inspector McPherson stated.

"I expect to pay particular attention to the erection of buildings as this is necessary to proper wiring. Many buildings can not be wired to the best advantage because of the architectural design, and after we once get matters in shape, the architects, contractors, electricians and inspector will work in harmony."

Mr. McPherson's report to the Board of Public Works contains some interesting data concerning electrical wiring, especially the overhead work. No details were given out before the report reached the Board of Works.

Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by McPherson's drug store. Price 50c.

A large amount of sahke is being held in New York because the customs officials are not clear as to its ingredients. Dr. Wiley said this morning that "sahke" is a very strong drink and is in demand by Japanese in this country.

## Woman's Kidney Troubles

Lydia E. Pinkham's Vegetable Compound is Especially Successful in Curing This Fatal Disease.

Of all the diseases known, with which women are afflicted, chronic kidney disease is the most fatal. In fact, unless early and correct treatment is applied, the weary patient seldom survives.

Being fully aware of this, Lydia E. Pinkham, early in her career, gave exhaustive study to the subject, and in producing her great remedy for woman's ills—Lydia E. Pinkham's Vegetable Compound—was careful to see that it contained the correct combination of herbs which was sure to control that fatal disease, woman's kidney troubles. Lydia E. Pinkham's Vegetable Compound is the only one especially prepared for women, and thousands have been cured of serious kidney derangements by it. Derangements of the feminine organs quickly affect the kidneys, and when a woman has such symptoms as pain or weight in the loins, backache, bearing-down pains, sealding or burning sensations or deposits in the urine, unusual thirst, swelling of hands and feet, swelling under the eyes or sharp pains in the back, running through the groin, she may infer that her kidneys are affected and should lose no time in combating the disease with Lydia E. Pinkham's Vegetable Compound, the woman's remedy for woman's ills.

The following letters show how marvelously successful it is.

Mrs. Samuel Frake, of Prospect Plains, N. J., writes: Dear Mrs. Pinkham—I cannot thank you enough for what Lydia E. Pinkham's Vegetable Compound; a Woman's Remedy for Woman's ills.
